

MESSER

Financial Group

Here's what people are saying about us

I am happy to recommend the high quality services of Messer Financial Group. We have been partnering with them for almost two years and are extremely satisfied with their level of customer service and expertise that they provide to us.

We have used other brokers in the past and have not received the level of customer service that we have with Messer Financial Group. If our employees experience any issues, have concerns, or need any type of help with their benefits, insurance cards, or just general questions, I know that I can reach out to the Messer group and get immediate answers, guidance and help. They live up to what they say they will do – and more! I would highly recommend their services!

Connie Cady
Office Manager Acryness, Inc

We've been using Messer Financial for our group health, dental and vision benefits for years. Our latest health insurance renewal dealt us an increase cost with lower amount of benefits. I contacted Dennis, and he put me in contact with his group specialist, Katherine Guiliano. Katherine thoroughly researched all of our options and presented them in a way that was easy to understand and compare. As well, she did an excellent job keeping us on track to meet a tight deadline. In the end, she was able to find a comparable healthcare plan at a lower cost. She also helped us to save money on our dental and vision plans. I was very impressed with the level of customer service I received.

We have been working with Dennis White and the Messer Financial team for about five years now. They have a talented crew that focuses on plans to exceed their client's expectations when it comes to group insurance and benefit design and implementation. Our dynamic team has been growing each year and Dennis and his group continues to produce solutions within the complex world of insurance that keeps our team covered. If you need to explore a better option and eliminate a distraction contact his team.
